## THE SCHOOL CENSUS.

The Bisbee school will open for the term on September the 10th, and will open under most auspicious circumstances. There has been a judicious selection made by the board of a competent staff of teachers, and the personnel of these teachers will recommend them to the entire confidence of the Bisbee public.

The coming school term will undoubtedly be a successful one and the labors of these trusted trainers of our young people will, we trust, be crowned with the happiest results.

There is another feature of this approaching school term that is most significant, and that is the large number of children of school age in this district as shown by the last census.

The carefully prepared returns prove that there are 665 children in this district of school age—between the ages of six and eighteen years.

This is evidence that the population of Bisbee is that of a town standing high in the list of Arizona cities, and it is evidence that the census of the town will be highly satisfactory to the citizens who are interested in its progress.

That the census takers have been careful and diligent it is to be devoutly hoped, for on the result of this enumeration much depends, and the influence exercised by the statement as to the population of the territory will undoubtedly greatly affect its future.

THE republican convention in Graham county will be held in Solomonville on the 7th of September.

THE Florence Tribune says the delegation from Pinal county to the democratic territorial convention will be solid for Mark Smith.

THE territorial political conventions will both be held in the city of Phoenix this fall. The democratic on September 12th and the republican on September 24th.

LIEUT. WILEY JONES, who was himself a candidate two years ago, has fallen into line with the other democrats of Graham county and is now working heartily for Mark Smith.

MR. FRANK MURPHY, brother of the governor, is expected to return to Arizona soon, and from the time of his arrival the republican campaign will take on definite shape. Mr. Murphy never consents to be a candidate but his opinions are highly prized, and justly so, by the republican managers.

In Colorado the law which necessitated the payment of a poll tax before the citizen could vote has been swept away. It was seen to be not only a hardship on the citizen, but a blow at one of the first conditions of our American citizenship that a man should vote, and vote untrammelled. Here the measure remains in full force, and in order to exercise the right to vote the citizen must pay a tax or he cannot be registered. Here as elsewhere there are men, and good members of the community, who are not always ready to pay up the sum, and it is not convenient for many men to pull out this money—for the right to vote too, of all

rights considered by the American citizen most sacred, and a right not to be interfered with or abridged.

THE returned delegates from the Kansas City convention report that the national leaders in that party always make prompt friendly inquiries of an Arizona man after Mark Smith, and that expressions of praise for his ability and eloquence are always profuse and hearty. Many of them expressed a desire for Mark to return to congress.

## Democratic Primaries.

At a meeting of the democratic central committee of Cochise county, held in Benson on the 23d day of August, 1900, it was ordered that the 27th day of September, 1900, be and hereby is set as the day for holding the democratic primary elections throughout the county, for the purpose of choosing delegates to the democratic county convention, to be held in Knights' of Pythias hall, in the town of Benson, Cochise county, Arizona, on the 10th day of October, 1900, at 11 o'clock a. m.

The democrats of the various precincts in the county are invited to assemble and elect their own boards of primary election officers and choose delegates to the county convention, except in the precincts of Bisbee and Tombstone, where the local members of the county central committee will appoint the boards of primary election officers and designate the polling places, giving the voters ample notice thereof.
